By Agreement of Counsel Hearing Goes Over—First Monday in November in Date Set.

Exception to the ruling of Judge Bowman, in the case of the United States vs. Helen Williams Post, originally set for hearing yesterday, go over, by agreement of counsel, until the first Monday in November, 1900," says the Jacksonville Times-Union.

"It was expected by counsel for both sides that the exception would be taken up yesterday by Judge Albert Bowman. For the government appeared United States Attorney John M. Cheney, of Orlando, and Assistant United States Attorney Richard P. Marks. For the defense appeared counsel, Col. Otto T. Green, of Ocala, Col. Horatio B. Baker, of Ocala, and Col. J. H. Baker, of Jacksonville.

"The hearing of the exception was first set for the morning, but went over, in order of the court until 3 o'clock in the afternoon."

At the Opera House.

The Great Book Balladeer, at the Opera House, last night, drew a fair-sized house, and between the Old Maid and the Bold Book Balladeer the audience was kept guessing which was the best. You could hear some one say that it was the last show they had ever seen. The masterpiece, the Great Book Balladeer of the Wild West, put the young Americans on the warpath, and sent them home happy. Oh, we are the best tonight. It is too good to miss.

STILLMAN-GREENE CONTROVERSY.

The Former Disagrees With the Mayor Says That Police Officers Should Not Have Been Confirmed.

There is considerable talk, regarding the confirmation of the police officers. Stillman Greene takes the stand that they should not have been confirmed, while Mayor Greene is of the opinion that they should. The following communication was received this morning from Mayor Stillman Greene:

"I saw, by yesterday's paper, that Mayor Greene thinks his police officers should be confirmed, or otherwise, (things could be made very disagreeable and the city put to some expense, if an important street was made in a number of the town). The City Charter and Ordinances provide for the appointment and salary of a sheriff, but make no provision for the appointment of police." The new Charter Amendment Ordinance No. 10 provides a way for establishing a permanent police force.

"I believe all of the other men named as police were already deputy marshals. As deputy marshals, they had police powers of arrest under section 22 of the old charter."

HOTELS YET WELL FILLED.

April and May, Delightful Months in Daytona. Hotels Will be Open for Some Time to Come.

Hotel men say the season is rapidly passing, but there are still large numbers of guests at the various hotels. For the past several weeks hotels have been running a business, and the living day of the season have far exceeded their expectations. In the latter of the several large hotels here and across the state, are seen quite a number of people who will stay here for some time to come. April and May are the best months in Daytona. The air is delightful and breezy and throughout these two months the weather is of the best. Here people make a mistake in going North at this time of the year, only to find back home cold and disagreeable climate.

A number of the large hotels here and at Seaside will remain open until May 15 to accommodate the visitors.

During the summer months will be broken up by the new season. In January a few several other on other hotels which will open in attendance. The winter from the interior of the state has been the best. The winter from the interior of the state has been the best.

BUILDING OUTLOOK BRIGHT.

Contracts Drawing up Plans and Specifications for Many Homes and Desires of Building.

The prospects look bright for a good summer in the building line, even if the number of property sales has not come up to former years. There are a large number of people who have bought property who contemplate building, and contractors are now conferring with these parties, drawing up plans and specifications for a number of desirable residences, that if carried out will be the largest number of property and attractive homes.

"I have, a building contractor, in speaking with me representative of the party on Friday said, 'I am kept exceedingly busy drawing up plans and specifications for a number of desirable residences, that if carried out will be the largest number of property and attractive homes.' I don't think there will be any more to complain."

SHOULD STAY IN FLORIDA.

Many People Leave Just in Time To
Face the icy Winds in the
Northern States.

A certain class of tourists come early in the season expecting Florida to be fortunate enough to entirely evade "winter" and all its disagreeable elements, and with each dreary day are heard proclaiming their disgust by sarcastic expressions such as "So this is the Sunny South we hear about!" These same people stay on until the ideal Florida weather is settled fairly upon the State, then with mutterings of dissatisfaction for the season, they migrate to the Middle South, where at this time they are having their annual run of bad days that precede the glorious early spring in Dixie, and will leave those resorts in April, just in time for the ill winds and mud of New England and the Middle States. What would these poor mortals do should they be forced to hibernate in a perfectly lovely spot, where they could no longer cling to their habitual pessimism, with a clear conscience? Shall we solicitously pronounce them a much-to-be-pitied set of beings, who are deprived of the happiness born of contentment, or simply say of them as they deserve, "Lorn kickers!" The above is from The National Hotel Reporter.

Sheriff J. R. Turner, of DeLand, is spending a day or two in Daytona on business connected with his office.

The Former Disagrees With the Mayor
Says That Police Officers Should
Not Have Been Confirmed.

There is considerable talk regarding the confirmation of the police officers. Alderman Stillman takes the stand that they should not have been confirmed, while Mayor Greene is of the opinion that they should. The following communication was received this morning from Alderman Stillman:

"I see by yesterday's paper that Mayor Greene thinks his 'police' appointments should be confirmed, as otherwise things could be made very disagreeable, and the city put to some expense, if an important arrest was made by a member of the force." The City Charter and Ordinances provide for the appointment and salary of a marshal, but make no provision for the appointment of 'police.' The new Charter Amendment (Section 9) provides a way for establishing a permanent police force

whenever the Council shall pass an ordinance for that purpose, and further provides that such police shall be removable for cause instead of going out of office with the Mayor appointing them, as is the case with the Marshal.

"As the council has passed no ordinance respecting police, an appointment under the new charter as 'police' is not worth the paper it is written on, whether confirmed by the council or not. The mayor could have appointed James Rix 'Governor General,' or 'Executive Bucket Carrier,' as well as 'Assistant Sanitary Police,' none of these offices being recognized by the charter or ordinances of the city.

"I believe all the other men named as 'police' were already deputy marshals. As deputy marshals they had 'police powers of arrest' under section 37 of the old charter."

There is a large amount of business which I have not had time to attend to, and the outlook for a good summer in my line is exceedingly bright. I don't think there will be any cause to complain."

L. N. Cary, of Mandan, N. D., who has been spending the season with his family in the Aman cottage at Daytona Beach, departed Friday afternoon for the West. His family will remain here four or five weeks longer.

ENTERTAINED.

Members of the Palmetto Club Visit

Ormond.—Reception Give By Improvement Association.

Between forty and fifty ladies of the Palmetto Club went to Ormond Friday, in the launch Dixie, and were there entertained by the Village Improvement Association of that place.

Mrs. Price Mrs. McNeil and Mrs. Shaw were the reception committee of the Ormond Association, and they accorded the Daytona ladies a hearty welcome.

The visitors, after arriving at Ormond, were entertained in a manner that will long be remembered by the ladies present.

The Hotel Ormond Orchestra rendered three choice selections, which were greatly appreciated.

The casino was decorated in green and gold, State Federation colors.

Miss Marion Spinnery gave three songs which were exceptionally good and reflected credit on the young lady.

Mrs. McNeil, the president, gave the Daytona ladies a hearty welcome and introduced Mrs. Raynor, who greatly pleased the members of the two associations with her Venetian memoirs.

Mrs. Mason, a well known club woman of New York City, spoke a few well chosen words, which were of great interest.

A piano solo by Miss Sawyer showed that she was well trained, and she delighted everyone.

A duet by Miss Amy Shaw and Miss Mary Simrall was also a decided feature of the entertainment. Miss Mary Simrall is the young lady who crowned the Speed King of the Ormond-Daytona races.

The afternoon closed with a delightful social hour. Dainty refreshments were served.

Mrs. T. E. Fitzgerald will entertain at cards next Thursday afternoon, at her home, on North Beach Street.

Mr. and Mrs. C. S. Stearns, of Newburgh, N. Y., who have been spending the season in the Bailey cottage at Daytona Beach, left Friday for their northern home.

The Daytona Daily News suspends publication for the season this week. The News has been a most interesting paper, the past season, and a credit to Editor Fitzgerald and staff.—DeLand News.

**On account of going North, I have a good, speedy horse with good knee-action, for sale. Kind and gentle. Not afraid of anything.
C. R. OLIVER.

C. W. Bartleson, a prominent Jacksonville citizen, was a business visitor to the city Friday. Mr. Bartleson is president and general manager of the Bartleson Grocery Company, one of the largest concerns of its kind in the metropolis.

Fishing for some days past from the pier at Daytona Beach has been excellent and a great many long strings of fish have been caught. Bass and whiting have been biting vigorously, and at this excellent sport a great many people have been trying their luck.

A large force of mechanics is employed on the residence of A. Kling on Magnolia Avenue. Contractor Gove is pushing work on this structure, and within two or three months will have the building complete. The residence will be one of the handsomest in Daytona, and will be quite an addition to the many beautiful homes on Magnolia Avenue.

Col. Conrad Stuenkel and wife left a short time ago for their home at Coney Island, New York. Yesterday the Colonel returned and today his wife will come. Mr. Stuenkel says it's too cold in Coney for him. He said he could not reach the ground with a pick ax for the ice and snow. They will remain here until May 1st.

E. M. Watson, president of the Jersey City Printing Company, of Jersey City, N. J., accompanied by his daughter, Mrs. Robert Alberts, arrived at Schmidt's Villa Friday evening, where they have joined Mrs. Watson and daughter Miss Mary, who have been there some time. Mr. Watson will add very materially to the jolly crowd who are stopping at Schmidt's Villa.

BALL WAS A GREAT SUCCESS.

Clerks' Club Entertained Its Friends at the Armory Friday Evening. Large Crowd Attended.

The Clerks' Club is noted for the hospitable manner in which they entertain their guests, and the social ball given last evening in the Armory was one of their greatest achievements.

There was a large crowd of young people in attendance who seemed to thoroughly enjoy the occasion. All present expressed themselves as greatly pleased with the manner in which they were entertained.

The Neopolitan Orchestra discoursed music in their usual good style, and the dancing floor was in the best of condition. During the evening delicious refreshments were served.

LIVERY AT REDUCED RATES.

Commencing April 1, C. E. Johnston, the liveryman, will make a reduction of the prices of his famous Silver Tipped bunnies. The rates for the summer will be as follows:

Horse and steel-tire surrey, forenoon or afternoon, \$2.

Horse and rubber-tire surrey, forenoon or afternoon, \$2.50.

Pair of horses and steel-tire surrey, forenoon or afternoon, \$2.50.

Pair of horses and rubber-tire surrey, forenoon or afternoon, \$3.

Three-seated carriage, forenoon or afternoon, \$3.

Saddle-horse, forenoon or afternoon, \$1.50.

The force engaged at work on the City Island is busy making concrete blocks to be used in the construction of the Library Building. The device used for making the blocks is very simple, and the scene daily attracts considerable attention. A portion of the structure has been erected, but work on the building is necessarily slow, as the men have ceased work on the building while the blocks are being made. When completed it will be imposing in appearance, and the members of the association who have been instrumental in its erection are receiving congratulations from public-spirited citizens, on the action they have taken.

*The party who took a Brownie Kodak from wall at the canal will please return same to 112, Ridgewood Avenue. They were seen taking it.

Thomas G. Hutchinson, the Jacksonville auditor, after spending several days in the city, returned Friday afternoon. Mr. Hutchinson has been explaining the new system of books to the officials and all who have worked on the books are firm in their belief that the system is a good one.

DAYTONA AND ITS ATTRACTIONS.

DAYTONA is situated upon the west bank of the Halifax River at its widest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival in beauty among the villages of the South. Its site is upon what is known as high hammock land that was crowned by majestic forest trees, and among these trees is the town of today.

The beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lovely live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss that overarches the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bay and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the amplexoid climber and climb among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main thoroughfare runs parallel with the river and is about 100 feet wide, except Beach street which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which come the cooling invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world.

Daytona has many miles of well-graded, marled and shelled roads and streets, rendering it the

Wheelman's Paradise
and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivalled course for long-distance cycling and driving or automobile racing. No town or equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages
that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding largely to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelty works, an opera house, electric lights for street and home illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach which are properly a part of the town and population.

Daytona Beach
lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect as Daytona beach.

Automobile Race Meet.
The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racetrack for America.

At low tide the beach is bare to 300 feet and neither carriage wheel, bicycle or pedestrian can make a barely visible imprint on the smooth and well-packed sand. It is so common sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm-fringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at ebbside, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in height under normal conditions, making the beach an attractive and absolutely safe place for surf bathing. Here the infant as well as the gray-haired veteran of many summers can safely enjoy the luxury of a sea bath throughout the larger part of the year while the strong and expert swimmer can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula
lying between river and ocean is one half mile wide, and is being rapidly improved, and there are many fine cottages, and several good hotels, an opera house, two ocean piers, beach pavilion and a large casino.

A Remarkable Feature
of Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abodes of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona. At the foot of Ocean Boulevard, Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalle, whiting, trim sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon. Individuals of them ranging from fifteen to thirty-five pounds in weight not only does the ocean offer this splendid sport but the Halifax River, half a mile back of the ocean, is equally famous for its fine fishing and the varieties that abound in the ocean are present in the river.

Fishing and fishing good. Ex- tensive catches and does may be had at reasonable prices.

DAYTONA BEACH ELECTION ON.

Voters Across the River are Having a Warm Contest Today.—Lively Council Meeting.

The town election is on at Daytona Beach today. The principal contest is between the majority candidates, and the friends of each are bringing out the voters in scores to cast their ballots. E. L. Howard and Geo. P. Johnson are candidates for mayor.

Thursday evening there was a called meeting to inquire into the qualifications as to who should vote. The meeting resulted in some lively discussion, and the argument became so heated that members had to take out by force a well known citizen of the town.

No conclusion was arrived at, and all those who have paid their poll tax will vote at the election at Daytona Beach today.

Realty Sales.

J. W. Wilkinson has sold L. N. Blood's residence on the west side of Ridgewood avenue between Orange avenue and Live Oak street to Major A. A. Foster, of Cleveland. He has also sold the Marie Lindeman property, corner Ridgewood and Fremont avenues facing 236 feet on Ridgewood to J. G. Brown.

NOTICE.—Corporation Taxes of Daytona Beach may be paid at Town Hall, daily, from 4 to 6 p. m., until April 1st, 20th—Theo. Carter, Tax Collector.

WITH THE BOATMEN.

Events Transpiring Among Boat Owners on the Halifax.—McDonald's Boat Yard Active Scene.

An important industry in Daytona is the storing, repairing and building of boats. The McDonald Boat Yard, in the southern end of the city, on the banks of the Halifax, stands foremost among these enterprises. This place is quite a rendezvous for boatmen and their craft. Each summer there are a large number of boats stored there by people who come South and enjoy the pleasures of a cruise down the East Coast. When they are ready to leave on their homeward journey they bring their craft here for safe-keeping.

Among the boats which have recently been stored there is the handsome and commodious launch Eleanor, belonging to Commodore Chas. F. Seymour, of Jersey City, N. J., who after returning from a cruise down the East Coast spent three weeks at the Palmetto House with Mrs. Seymour. They are very agreeable people and are welcomed at the Palmetto House, where they are annual visitors. They left a few days ago for the North.

The houseboat Gull, belonging to G. A. Smiles, has also been stored. Mr. Smiles, with several friends, also enjoyed a trip down the coast.

The motorboat recently completed by Mr. McDonald, for Ronald and Fiske, has been sold to E. M. Campbell. She is a trim craft about twenty-five feet in length, and has a 7-horse power engine. The new owners will immediately launch the boat.

Robert L. Weller, of Atlanta, who is spending the winter in the city, has sold to McCoy Brothers the launch Pelican. She is twenty-four feet in length and is equipped with a 3-horse power DeMooy engine.

Parties leaving for New York, Boston or Philadelphia, will do well to see Geo. H. Clark for close rates via Mallory Line.

Deputy Sheriff Charles Kurtz was over from Deland on Friday.
